PROFILE

Automation and Computer-Integrated Technologies student at IFNTUOG, combining engineering training with active civic and project work. Hands-on experience interning in local government, coordinating student initiatives, and developing applied software and interactive 3D models of automation systems. Also involved in student self-government, organizing career-focused events and partnerships, and building practical automation and monitoring tools for real project workflows. Experienced in PLC programming (CODESYS), control systems modeling, Python application logic, and participating in engineering hackathons.

EDUCATION

SEP 2025 – PRESENT

Bachelor's Degree – Automation and Computer-Integrated Technologies

Ivano-Frankivsk National Technical University of Oil and Gas (IFNTUOG)

Specialised studies in automated control, automation systems design and algorithm development. Hands-on experience with technical tooling and process simulators.

EXPERIENCE

MAY 2026 – JUN 2026

Intern – "Youth and Government" Project

Department of Urban Improvement, Ivano-Frankivsk City Council

Practical internship within municipal administration and city services management.

CERTIFICATES & ACHIEVEMENTS

JUNE 2026

Graduate of the "Youth and Government" Programme

Ivano-Frankivsk City Council

Comprehensive training in leadership, management in municipal authorities, and the administration of urban development infrastructure projects.
